102/1 Raja Rammohan Sarani

Addendum to the tender notice dated 24.08.2024

In connection to the tender for the work of online admission dated 24.08.2024 it is hereby added to the work description that

1. The data received from CAP (Phase 1) should have to be processed for Calcutta University registration. The work includes-
    I.   IDC/MDC, VAC, SEC etc subject link up of the admitted students.
    II.   Uploading of images, signature, other documents by students required by university for registration.
    III.   ID card generation.
    IV.   MIS reports.
    V.   Audit reports of admission fee.
    VI.   University registration data handling.
    VII.   Three months support for the above work.

2. Data received after mop up round from CAP should also be processed in the way described in point 1.
3. Data received in two phases of admission via CAP and admission data in standalone mode should be processed unitarily for university registration.
4. All data should be provided in compatible format to feed in ERP system.
