4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

As computers and the internet have become indispensable in Teaching and Learning as well as managing the day affairs of the College, every efforts is made by the College authority to upgrade the IT facilities, including upgradating of Wi-Fi on a regular basis. Routers have been provided at different points to provide seamless internet services to the students and College Staff, teaching and non-teaching alike. Tenders are called for purchase of computers, software and other accessories and the one with the lowest rate but satisfactory service record is chosed after a prolonged deliberation in the College Governing Body. As the state government has made E-pension mandatory, so a seamless internet and W-Fi service is essential towards the uploading and sending of data of the superannuated personnel to the Higher Education Department, Government of West Bengal.
