List of participants

Summary of Activities: To continue extension and outreach programs by the Zoology Department, City College in neighbourhood community as well as sensitizing the students to different health issues of children belonging to under privileged part of the society, a Health check-up camp and distribution of some essential items to the local children of Hridaypur, Barasat, North 24 Parganas, in association with Birati Ichhedana Society (our MoU partner) and Hridaypur Srija Society was arranged on 19th December, 2023. Students of 4th SEM Zoology Honours, Teachers and NTS of Zoology Department, Volunteers and Secretaries of both Birati Ichhedana and Srija, whole heartily offered voluntary services to it. Dr Sinjini Chakraborty, MD, Peadiatrics gladly performed the health check-up of all children present there.

Dr Supriti Sarkar, Associate Professor of Zoology, City College introduced this programme by narrating the necessity of health check-up of under privileged children of our society. She also explained the role of students for this type of community outreach activities and encouraged them for continuous participation in such activities.

Dr Krishnendu Das, Assistant Professor of Zoology in City College as well as Secretary of Birati Ichhedand Society delivered a speech regarding different social activities so far done by Ichhedana and also requested the present audience to participate actively in such social activities. Dr Chakraborty in her valuable speech emphasised that health consciousness and preliminary heath check-up should begin from early childhood by their parents first. The Introductory session also covered speech by Secretary of Srija and local eminent persons.

Dr Chakraborty and dignitaries present there then distributed packet of Health drinks, Tooth paste, tooth brush, food packet etc to each child. With the assistance of Volunteers of Ichhedana and Zoology-students, and respective mother or guardians of the children, Dr Chakraborty meticulously checked overall health condition and specific diseases if present in each child present there. She prescribed required medicine and made the parents understand how to take general health care for the wellbeing of their children without spending money or attending health centre. She also advised for regular vaccination and when to attend nearest health centre or hospital for their children.

The children enjoyed the food and other gifts a lot. Parents as well as other audiences expressed heartfelt gratitude to the Doctor and all organisers. The Program ended with vote of thanks to Principal, City College, Presidents of Birati Ichhedana and Srija with all other participants.
