Departmental Students' Seminar

Date: 20.12.2022

Topic: Nuclear Physics

Speakers: Semester 5 Honours Students of the Department

Objective and Report on the Seminar

The seminar was organized as a part of the tutorial for DSE subject Nuclear and Particle Physics. The aim was to encourage the students to explore new and interesting topics related to nuclear physics that are slightly outside the scope of the syllabus. This will give the students a flavour of carrying out project work, empower them with the ability to study something independently and also improve their skills at presenting their work in front of an audience.

Fifteen semester 5 students presented their work. The audience comprised of students and faculty members of the department. Each student faced a short round of questions posed by faculty members to test their understanding of the topic of presentation. The seminar was a success.

Student Seminar on Nuclear Physics

Date: 20th December 2022

**Organized by Department of Physics
City College**

102/1, Raja Rammohan Sarani, Kolkata-700009, West Bengal

Certificate of Participation

This is to certify that Abhoy Roy Chowdhury, a student of Physics Hons., City College attended student seminar Nuclear Physics held on 20th December, 2022, organized by the Department of Physics, City College, Kolkata - 700009

**Dr. Sital Prasad Chattopadhyay
Principal, City College**
