

**Activity Report
2021-2022
City College,
Department of Botany**

Name of the Event: World Health day Celebration on 07.04.2022.

Topic: Special Lecture on “Climate Change”

Speaker: Dr. Partha Karak, Assistant Professor, Dept. of Botany

Date: 07.04.2022

Time: noon onwards

Venue: City College, Department of Botany.

Organized by: City College, Department of Botany.

Number of Participants:28

Summary: This lecture related to the awareness Program on global warming and its impacts on the environment and climate change. Climate change refers to long-term shifts in temperatures and weather patterns. These shifts may be natural, but since the 1800s, human activities have been the main driver of climate change, primarily due to the burning of fossil fuels (like coal, oil, and gas), which produce heat-trapping gases.

WORLD
HEALTH DAY
7th
APRIL

The logo for World Health Day 7th April. The word 'WORLD' is in a large, dark blue, sans-serif font. The letter 'O' is replaced by a small, stylized globe showing green continents and blue oceans. Below 'WORLD' are the words 'HEALTH DAY' in a smaller, dark blue, sans-serif font. Below that is a large, dark blue '7' with a 'th' superscript to its right. At the bottom is the word 'APRIL' in a dark blue, sans-serif font. The entire logo is centered on a white rectangular background.

The background of the slide is a landscape image split vertically. The left half shows a field of brown, dry earth under a dark, stormy sky with heavy grey clouds. The right half shows a vibrant green field of crops under a bright blue sky with scattered white clouds. A tree is visible in the center, its trunk and branches extending across the split. The text is overlaid on a semi-transparent dark blue rectangular area in the lower half of the image.
